

Digital transformation survey results

Organization _____

Team _____

Date _____

Number of answers _____

Tally how many employees ticked each box. Percent agree = (number of 4s + number of 5s) divided by the total, times 100.

STATEMENT	1	2	3	4	5	TOTAL	% AGREE
1. I could explain our digital plan to a new colleague in two sentences.							
2. Our digital projects are aimed at problems we really have.							
3. Senior leaders here use the new digital tools themselves.							
4. The digital tools I use match the way my work is really done.							
5. I rarely have to enter the same information into two systems.							
6. I can get the numbers I need for my job without asking someone to pull them.							
7. When a task moves online here, the steps are redesigned, not just copied.							
8. I have had enough training for the digital tools my job depends on.							
9. It is safe to try a new digital way of working here, even if it fails.							

Where does our digital transformation need the most work

A CLEAR PLAN	TOOLS THAT FIT	LINKED SYSTEMS	TRAINING	DATA ACCESS

Strengths

The two statements with the highest percent agree.

Areas to work on first

The two statements with the lowest percent agree.

What the open answers say

Sort the comments into three or four themes.

You said, we will

What staff told us, the two areas we will fix first, and when we will ask again.
