Number of answers

Tally how many students ticked each box. Percent agree = (number of 4s + number of 5s) divided by the total, times 100.

STATEMENT	1	2	3	4	5	TOTAL	% AGREE
1. I decide how much I can spend before the week starts.							
2. I know roughly how much I spent last week.							
3. I save part of my money before I spend the rest.							
4. I stick to what I planned to buy when I shop.							
5. I compare prices before I buy anything costly.							
6. I can say no to plans with friends I cannot afford.							
7. My money usually lasts until my next allowance or pay.							

How do you pay for most things you buy

CASH	DEBIT CARD	CREDIT CARD	E - WALLET OR PHONE	BUY NOW, PAY LATER

Strengths

The two statements with the highest percent agree.

Habits to work on first

The two statements with the lowest percent agree.

What the open answers say

Sort the comments into three or four themes.
