

STEM survey results

Class or program

Date

Number of answers

Tally how many students ticked each box. Percent positive = (number of 4s + number of 5s) divided by the total, times 100.

STATEMENT	1	2	3	4	5	TOTAL	% POSITIVE
1. I look forward to my STEM lessons this term.							
2. When a math or science problem gets hard, I keep going.							
3. I could explain something from STEM class to a friend.							
4. I see myself as a STEM person.							
5. My teachers think I am good at STEM subjects.							
6. What I learn in STEM classes helps me outside school.							
7. I can picture myself in a job that uses STEM.							

Which STEM subject do you enjoy most

SCIENCE	TECHNOLOGY	ENGINEERING	MATH	NONE YET

Strengths

The two statements with the highest percent positive.

Where to build STEM interest next

The two statements with the lowest percent positive.

What the open answers say

Sort the comments into three or four themes.

You said, we will

What the class said about STEM, and the one thing you will try next.
