Date

Number of answers

Tally how many respondents ticked each box. Percent agree = (number of 4s + number of 5s) divided by the total, times 100.

STATEMENT	1	2	3	4	5	TOTAL	% AGREE
1. I know which of my daily choices do most to cut my footprint.							
2. I can usually afford the greener option.							
3. I know where to find advice I trust on greener choices.							
4. Most people around me make green choices too.							
5. I plan to change one thing to cut my footprint in the next three months.							

How did you make most of your trips last week

CAR, ALONE	CAR, SHARED	BUS OR TRAIN	WALK OR BIKE	STAYED HOME

Strengths

The two statements with the highest percent agree.

Change to support first

The two statements with the lowest percent agree.

What the open answers say

Sort the comments into three or four themes.

You said, we will

What people told you, and the one change you will make easier.
